

How Much Can Your ACT Score Really Increase?

Average Composite Score Increase by Starting Score

Average Section Increases

Composite Increases by Test Attempts

Diagnostic to First Official Test = 4 points

Second Official = 1 point

Third Official = 1 point

**Data based on official results from approx. 200 students who took the ACT in 2015-2016. These averages do not factor in program length with ArborBridge or preparation prior to coming to ArborBridge.
