 Most scores available in 1.5-3 weeks	 Most scores available in under 1 week

## Format

On-screen tools include a timer and annotator.

## Dates

All students have 7 opportunities to take the SAT each year.

## Location

Use your own device or a school-issued laptop or tablet.

## Calculator

Bring your own or use the one built into the digital testing app.

## Length

The new SAT is an hour shorter with more time per question.

## Sections

The test has been streamlined into two sections.

## Difficulty

Section difficulty is based on how you do on the first set of questions.

## Reading

Passages are shorter with one question each.

## Total score

Each section is scored on an 800-point scale.

## Score release

Digital testing = faster scoring.
